Our Bachelor of Social Work (BSW) program prepares entry level professional social work practitioners to have the knowledge and skills to work towards alleviating social injustice, poverty, oppression, and discrimination. We train students to be advocates for positive social change.

**WHAT IS SOCIAL WORK?**

**SOCIAL WORK** is a practice based profession and academic discipline that promotes **SOCIAL CHANGE** and development, social cohesion, and the **EMPOWERMENT** and **LIBERATION** of people...

Underpinned by theories of social work, social sciences, humanities and indigenous knowledge, social work engages people and structures to **ADDRESS LIFE CHALLENGES** and **ENHANCE WELL-BEING**.

The field of social work is grounded in the principles of **SOCIAL JUSTICE**, human rights, collective responsibility, **RESPECT FOR DIVERSITIES**, respect for inherent worth and **DIGNITY** of human beings, and **DOING NO HARM**. Social workers help people solve and cope with problems in their everyday lives.

**ADVANCED STANDING // Fast-track to a Master’s Degree**

By completing our BSW Professional Program, students have the opportunity to achieve an “Advanced Standing” status which may be applied to a future Master of Social Work (MSW) degree. As part of our BSW program, students complete 40 credits of 5000-level courses that equate to one year of graduate school. Advanced Standing means that students who graduate from our BSW program can then receive their MSW with only one additional year (11 months) of schooling. In less than 5 years, students are able to earn their BSW and MSW.

To qualify for Advanced Standing, students must successfully complete their BSW with a minimum GPA of 3.2. Advanced Standing status is valid for 5 years after graduation.

**EMPLOYMENT STATISTICS**

Median Income: $46,890  (bls.gov, 2016)

- **Field Education & Experience**
  - Seniors receive supervised internship experience in generalist social work practice while working 20 hours per week at a local social service agency.

- **Capstone Project**
  - Seniors must complete a year-long applied, experiential, collaborative, and community-engaged Capstone project, where they work collaboratively in small groups to design and implement community-based social justice projects.
  - Students will develop a creative means of presenting their capstone project and will present at the BSW Capstone Symposium in late spring of their senior year.

- **Graduate-Level Coursework**
  - The final 40-credit hours of our BSW program consist of all 5000-level, graduate equivalent courses.
